WELCOME

Lily Xu

Dong Zhu

As we recover from a challenging period in the cattle market we are proud to offer a draft of industry relevant, profit driving young sires and females.

We are excited to conduct our 9th On-Property Sale and welcome to visitors to inspect our sale team which will be displayed in the SA Beef Week Field Days.

We congratulate all our clients who had success with "Lakeside" genetics in the past year. We were encouraged by stud success with progeny of Lakeside Sires and Females at the Ag-Grow Sale Qld and the Tennysonvale on property Sale.

The 22 young stud and herd improving bulls, together with registered heifers (6 PTIC and 6 weaners) represent what we are striving to produce from our program - practical, easy care cattle that perform in all environments. The heifers on offer have been selected from the nucleus of our 2022 and 2023 drop females.

Our commitment to invest in quality AI and Standing Sires from 2015, the foundation of Lakeside to today has broadened the genetic pool at Lakeside and we are confident in the generational advancement of the Lakeside herd.

The bulls and heifers sired by WOONALLEE MARMADUKE will be first progeny offered by this exciting sire, as well as progeny of proven sires GRINALTA'S HP SENSATION, WOONALLEE NAPOLEON, FSMB POL EDDY 3E, RPF POLLED RIGHT TIME. We look forward to welcoming you to Lakeside Farm for our field day on Monday, February 5 and then joining us on Wednesday, February 7 for the annual on-property sale.

We wish all cattle breeders a prosperous 2024 and look forward to supporting your successes into the future with Lakeside Genetics.

LILY: 许文丽 DONG: 朱东
